

# OUR MISSION

To bring lasting, total recovery through high-quality, cost-effective, gender-specific addiction treatment.

More than 23 million Americans struggle with drug and alcohol addiction, and only about 10% will actually receive the treatment they need.

By participating in this event, you are partnering with MARR to provide high-quality, affordable treatment and family recovery programs that create hope, healing, and community.

MARR is recognized as a 501c3 nonprofit organization.

Since 1975, MARR has been dedicated to bringing total recovery to chemically dependent individuals through high-quality, cost effective, gender-specific treatment programs. Our drug and alcohol rehab program is designed around mentoring clients in a disciplined, caring and respectful environment. The total needs of each patient are addressed to achieve lasting recovery, physically, mentally and spiritually.
